DP4007
Heritage Brass
H: 45 IN
W: 28 IN
D: 2.5 IN

Versatile in form, the Belmont Mirror marries dueling design references to create a transitional piece fit for any setting. Decorative natural iron cleats create the illusion of suspension while the contemporary antique brass frame anchors the entire design. The frame also features hand-carved grooves along the perimeter, adding an element of artistry to the modern form. Make a statement by placing a pair in a master bath.
